BIG STYLE SHOW IN FULL SWING

Ushered In With Blowing of Whistles and Ringing of Bells.

EXCELLENT DISPLAYS

A Wonderful Treat in Styles Exhibited—Big Parade at 7 O'Clock To Be Feature.

To the tune of whistles and bells that thoroughly awakaned all quarters of the city, Alexandrai's first big community Style Show was successfully launched at 10 o'clock this morning and the unveiling of the windows of the stores was greeted by the largest crowd on record for a similar affair, in the city.

A "howling success from every standpoint" was the verdict of every merchant taking part in the display of new spring and summer merchandise and when the middle of September rolls around there is no shadow of doubt but that the second show of this kind will be far and away head of the one which opened today.

The majority of the stores of the city spared no labor or expense in making attractive displays in the windows and a number of business places remodeled the entire front to add distinction to the window display.

To choose the best in the various lines would be an almost impossible task and one that very few persons would care to undertake. A close inspection of the manner of displaying merchandise, the arrangement of backgrounds, etc., would probably bring out distinctive points, but the casual observer would be up against a proposition in picking out the best in Alexandria today.

No man woman or child need worry about what is correct for spring wear as a round of the stores will show displays of almost every article of wearing apparel to be desired. And not only is it a display of wearing apparel. Furniture, hardware, summer necessities in garden and lawn and practically everything imaginable is on display.

And tonight, the correct models in automobiles for 1920 will be displayed in the big parade which is slated to start promptly at 7 o'clock. Milady will have an opportunity to choose the car which matches her new summer gown or suit, and to the accompaniment of countless red lights, the parade promises to be one of the biggest ever held in the city.

The parade will start on South Fairfax street promptly at 7 o'clock and already more than 70 cars and floats have been entered. A number of the retail stores have decorated floats and will show them tonight.

The parade will move west on King to Payne and Payne to Commerce and thence countermarch on King to Fairfax street where it will disband. Thousands of persons will line King street and see the first style show parade given in Alexandria.

Considerable importance attaches to this, Alexandria's first Big Style Show week. At an early hour this morning there was a noticeable influx of visitors from all sections of the surrounding country and by the time for the beginning of the parade tonight estimates were that the largest crowd ever seen in the city would be on hand.

From 7:15 until 9 p. m., tomorrow evening, the stores of the city will be open for display purposes only. Nothing will be sold, clerks will be in their places and will consider it a favor to display the new spring merchandise to friends and patrons of the stores.

A number of business houses have secured the services of living models and bands and orchestras will top off the evening's entertainment. The residents of the city are urged to attend these events and show their appreciation of the efforts of the merchants and business men to put Alexandria in a class with larger and more advantageously situated cities throughout the United States.

TO TAKE PART IN CONTEST

Sister M. Antonine, of the St. Mary's Academy, expects about 35 of her pupils will take part in the prize poster contest now underway in this state and in the Fifth Federal Reserve District, according to advice just sent by her to the district War Loan Organization, at Richmond, Va.

Many children are already at work on designs for their posters. Under the rules of the contest all the posters must be original and must emphasize the thrift idea. The posters must be completed and in the hands of the teachers not later than March 31. Printed rules have been sent to the schools but additional copies will be mailed by the War Loan Organization to anyone wishing them.

Numerous entries are being made in other parts of the state, according to a statement from the War Loan Organization. Pupils in both public and private schools are competing, only colleges, normal and industrial schools being barred. Children in this state will also have a chance to win the two district grand prizes of ten dollars each offered in addition to the six state prizes.

GRANTS MORE APPEALS

New Proceedings Before Supreme Bench Attack Prohibition Amendment

Washington, March 16.—The Supreme Court yesterday was asked to advance arguments on two more appeals attacking the validity of constitutional prohibition.

The object of the proceedings is to knock out the prohibition amendment and the Volstead enforcement law. A permanent injunction restraining the Federal government from enforcing prohibition in New Jersey is asked in the bill of complaint.

The proceedings are part of the campaign of the New Jersey State officials, elected on a "wet" platform, to defeat prohibition. The basis of the complaint was that prohibition was not a valid subject for a constitutional amendment, that it infringed on the sovereignty of the State, and that it could not be enforced in New Jersey without the State's consent.

The court granted the application of New Jersey to institute a suit in the high tribunal attacking Constitutional prohibition. The case was set for Monday, March 29.

Chief Justice White asked the government and New Jersey to expedite arguments on this case, indicating the final decision on the Rhode Island and other cases already argued would be delayed until the New Jersey suit is heard.

GRAND THEATRE

The sinister secret Order of the Grande Orient was long able to hold back the hand of justice from the "Caillaux Case," coming to the Grand Theatre tonight, it could not hold back the big fist of Uncle Sam.

The activities of Bolo Pasha, recently shot as a traitor, and Joseph Caillaux, the former Premier of France now charged with treason, were of peculiar interest to Americans, because it was charged that of the funds at their disposal for pro-German propaganda, $1,683,000 was transferred from the Deutsche Bank in Berlin through five New York banks to France.

It was as a result of the discovery of this manipulation of the German fund that the New York State Attorney General was able to obtain incriminating information from the effects of Count Von Bernstorff. This evidence forwarded to M. Jusserand, the French ambassador at Washington, finally brought about the arrest of Caillaux and Bolo in Paris.

All these absorbing events are featured in "The Caillaux Case," together with many other sensations in this greatest international intrigue of modern times.

CHAUFFEUR ASSAULTED

Driver of Taxicab Knocked Unconscious by One of His Passengers Near Four-mile Run

About seven o'clock last night two men and two women entered a taxicab in Washington and directed Henry Macabee, colored, the chauffeur, to ride them through different sections of the capital city. About ten o'clock they told Macabee to take them to Alexandria. When they reached a point near Four-mile Run on the old Washington turnpike one of the men asked Macabee if he would take a drink of whisky. The chauffeur accepted the drink, after which the man who was handling the bottle struck him a violent blow, which rendered him unconscious. Mackabee recovered consciousness one o'clock this morning. The engine of the taxi was still in operation, but the former passengers were no where in sight. Mackabee returned to Washington where he reported the matter, giving a full description of the men and women. The description was subsequently telephoned to police headquarters in Alexandria. The men and women are supposed to have taken an electric train at Four-mile Run for Washington.

IN MEMORIAM

METZGER—In remembrance of my beloved son, ALBERT METZGER who passed to a higher life six years ago today, March 17, 1914.

Six years ago today
Death stole in and took a beloved one
Away to his eternal home on high
In my memory he lives and shall never die.
The valley of death was sweeter
From the hills whereon he trod,
And the peace that entered his spirt
Was the calm deep peace of God.

ALEXANDRIA'S STYLE DAY

There was joy in the air at 10 o'clock this morning when the bells of the city rang out their joyous peals, accompanied by the shrieks of siren whistles. It has been Style Day, when store windows which had been screened from public view for several days, suddenly ceased to be opaque and displayed their beauteous contents. The occasion has been a decided success, the clear crisp weather having added much to the joy of the occasion.

The grand feature will be the mammoth automobile and mardi gras parade at seven o'clock this evening.

The display and other interesting features of the program will continue three days.

Tomorrow night from 7:15 to 9 stores will be open for display purposes only. There will be living models and music.

On Friday the stores will remain open all day for the sale of new spring and summer merchandise.

IRELAND'S PATRON SAINT

The weather today has been ideal, in marked contrast to conditions which often prevail upon St. Patrick's Day. While this occasion is never observed in Alexandria as a holiday, its spirit is generally in the air, and our minds are carried back into the early centuries of the present Christian dispensation, when Patrick is supposed to have flourished. Irish flags were in evidnece at several places in Alexandria today. For many years a large banner of Erin has floated from Burke and Herbert's bank on the 17th of March. It was there today in all its glory.

St. Patrick is one of the most honored saints in the calendar, although but little is actually known concerning him. Like the blind poet of old, "Seven Grecian cities claimed Homer dead, through which the living begged his bread."

It is generally agreed, however that Patrick emanated from some place in the northern part of France. The greater portion of his useful life was spent on the Emerald Isle.

Many traditions of Patrick have come down to us from previous ages All agree that he was a good man who devoted his life to the spiritual uplift of his fellow creatures.

(Communicated)

Editor Gazette:

Isn't it a queer thing that such prominent citizens of our city as those who compose the Board of Aldermen should refuse to give the Armory Hall to the Community Center after council had given their consent?

Can these wide awake business men know what they did? Do they realize that they turned down the request to let the boys and girls of our city have a place to go to play basket ball and other good clean sports, yet consent to let a skating rink run there.

Alexandria should have had a building long ago where the older boys and girls could have had club rooms and certain nights for their own sports.

What do the citizens of our city offer a working boy or girl after working hours? Don't they think after being in an office or any place of business all day they need some recreation in the evening?

And now when the Community Center offers to fix up the Armory Hall and give us a chance to improve one physical condition surrounded by good environment, the Board of Aldermen turn down the resolution and evidently think that the streets and poolrooms are the best places in the evenings for the younger generation.

Is'nt there any citizens in our town who is big enough and who has the welfare of the younger people at heart to fight for us and give us a place to have good clean sports?

One who knows.

FAVORS WINES AND BEER

Annapolis, Md., March 17.—Governor Ritchie took an open stand last night for the passage of legislation authorizing the manufacture and sale of beer, cider and light wines in Maryland. He sent his message on the liquor question to the House.

The message is an indorsement of the Jones bill to legalize 3 1-2 per cent beverage, and contains an indorsement of the wet program as far as it proposed to put it into effest n this state.

WHAT IS "SPRING FEVER?"

Be Fair With Yourself. "Spring Fever" is Not Just Mental Contrariness.

LOOK TO YOUR BLOOD.

Take Pepto-Mangan, That Famous Blood Tonic, Sold in Both Liquid and Tablet Form.

Feel fit this Spring. Feel as fine as the weather. Don't drowse and dose over your work, lose valuable time, or blame yourself for a condition that with many people is an inevitable as Spring itself.

Remember how in the old days they took sulphur and molasses? That was to clear up the blood. For in the Spring the blood is likely to be sluggish, weak, and clogged with poisons it needs help.

Why be handicapped unnecessarily? Why not be vigorous and red-blooded, full of "pep" and enthusiasm?

Pepto-Mangan is a blood tonic—a blood builder and purifier—that has become a standard in the past thirty years. Prescribed by physicians when people are run down and anemic.

Give the children Pepto-Mangan. They, perhaps, need it the most. To safeguard their health, and because Spring days are important ones in the school year. "Spring Fever," remember, is real, not fancied, and is usually due to sluggish, impure blood.

Your druggist has Pepto-Mangan in both liquid and tablet form, just as preferred. Equally effective. Make sure you get genuine Pepto-Mangan. Ask for "Gude's" and look for the full name, "Gude's Pepto-Mangan," on the package.—Advertisement.

CUT HAND HIS UNDOING

Baltimore, March 17.—If John Holderfield, of Richmond, Va., had not cut his hand while slicing bread in Union Station yesterday he would have been in Richmond with at least two quarters of "something" and $5 that he hasn't today.

Holderfield was charged with violating the Volstead act. He had come to the city on a trip, and while trying to find something for "Virginia thirst," he encountered a negro who sold him "something," said to be spirits of alcohol and molasses, at bootleg price—10 a quart. He then went to the station. While slicing bread for breakfast he cut his hand, and as he started to go on the train his hand was bleeding so profusely the gateman refused to allow him to pass.

The police opened the satchel while Holderfield's hand was being treated, and, spying the bottles of "something," took him to Central Police Station, then to the prohibition agent's office.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the work that calomel does, but have no bad after effects. They don't injure the system like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "tone up" the spirits. 10c and 25c.

Don't Expect to be Cured of Fiery Skin Diseases

By Old-Time, Out of Date Methods of Treatment.

Usually those who continue to suffer from stubborn ailments are those who refuse absolutely to heed the teachings of medical science. New discoveries are being constantly made, and those who fail to take advantage of the wonderful accomplishments of men of science will continue under the handicap of disease.

Your eczema, tetter, boils, pimples, acne, scaly skin eruptions, and burning fiery irritations that cause so much discomfort by their terrifying itching, come from a tiny disease germ in your blood, which multiplies by the millions. These germs find some weak spot where they can break through the skin and set up their attack, and if you have ever had any form of these skin disorders, you know what real torture is.

The reason these disorders appear so stubborn and hard to get rid of, is because they are not given the proper sort of treatment. In other words, the irritation and itching becomes so intense that the patient thinks only of relieving this discomfort, instead of directing his efforts toward getting rid of the cause of it all. Hence the constant use of lotions, salves, soaps and ointments can make no impression whatever on your trouble, other than to afford some temporary relief.

But why be content with mere temporary relief? Are you not desirous of being permanently rid of this annoying trouble that is a source of such constant torture? Wouldn't you give almost anything to be once more free from the itching and burning that makes your skin seem like it was on fire?

Then throw aside at once such makeshift treatment that can only reach the surface, and begin taking a remedy that goes direct to the source of your trouble. Go to your drug store, get a bottle of S.S.S. and begin a thorough course of this fine old blood medicine that kills the germs that creep into the blood and cause all of your skin discomfort. S.S.S. is a purely vegetable compound, made from roots and herbs of recognized medicinal value. It so thoroughly cleanses and purifies the blood that the germs of disease are eliminated, and then real relief comes.

This fine old remedy is the sane and sensible treatment for your skin disease, as you will find by giving it a trial. If your case should need special advice, it can be had without cost to you, by writing to Chief Medical Adviser, 14 Swift Laboratory, Atlanta, Ga.

Feel Old?

Overwork, worry, anxiety or sorrow undermines strength and health. These causes contribute to kidney trouble, and weak or diseased kidneys make one feel old in middle age.

Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder so that the system is free from waste and poisonous matter that causes one to feel old, tired, languid. They banish backache, rheumatic pains, sore muscles, stiff joints.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years I suffered with kidney trouble and rheumatism. I had a severe backache and felt miserable and all played out. I got to a place where I had to do something. After taking two bottles of Foley Kidney Pills I can say my backache is gone, and where I used to lay awake at night with rheumatic pains I can now sleep in comfort and enjoy a good night's rest."

Rip Van Winkle was not perfect

Neither was the Old fashioned Razor—But—

RIP lacked some of those qualities which society demands—yet, year after year, people kept the great and good Joseph Jefferson playing the part of that lovable vagabond.

Like Rip, the old-fashioned razor was not perfect either—but it was a real razor—an efficient shaving tool developed by centuries of use and workmanship, and entitled to be kept for its good points. In fact, it was old-fashioned only in that it lacked two modern things—the two-edged, detachable blade and—safety.

To add these, but to retain the good of the old, is real progress in razor development.

The razor that has *both* what the old style had *and* what it lacked is the

DURHAM-DUPLEX

A Real Razor—made Safe

An *evolution*, not a *revolution* in razors—all the good points of the *new idea*, all the good points of the *old*. The shape, balance and blade-angle-on-the-face of the old style razor have always been recognized as unbeatable. To these, the Durham-Duplex adds a *guarded, detachable, double-edged* blade—the longest, strongest, keenest blade on earth. Furthermore, it is the *best-tempered* blade you can buy. There is also a stropping attachment that gives you the luxury of a fresh edge at a moment's notice. These advantages *added* to the conceded virtues of the old-style razor have led Seven Million Shavers to change from other razors to the Durham-Duplex. Why don't you, too, change—*today?*

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As to Help Others."

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache and bearing down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

NOT AN ISOLATED CASE

Many Similar Cases in Alexandria and Vicinity

This Alexandria man's story given here is not an isolated case by any means; week after week, year after year, our neighbors are telling similar good news.

H. J. Duner, policeman 310 North Columbus Street, Alexandria, says: "I have used Doan's Kidney Pills off and on for a good many years and have always had good results. Before I tried them I was troubled a great deal with pains in the small of my back, which were so bad I could hardly bend over sometimes. I had miserable headaches and dizzy spells, too. The kidney secretions passed too freely. I am glad to say that since I have used Doan's Kidney Pills I have been free from all that trouble and have felt a great deal better in every way. I am not afraid of my back hurting. I use a few of Doan's once in awhile and they keep my kidneys in fine shape."

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.

Here's what one man and a Moline-Universal Tractor can do in a day of 10 hours:

Plow 7 to 9 acres; disc 27 acres with a 7-ft. tandem disc; disc 58 acres with a 10-ft. disc; harrow 76 acres with a 20-ft. peg tooth harrow; plant 22 acres with a two-row planter; plant 43 acres with a four-row planter; cultivate from 14 to 20 acres with a two-row cultivator; drill 35 acres with a 10-ft. grain drill; harvest 25 acres with an 8-ft. grain binder; harvest 10 acres with a corn binder; mow 25 acres with an 8-ft. mower; rake 40 acres with 12-ft. rake; rake 25 acres with an 8-ft. side delivery rake; load 12 acres of hay.

In addition, it can be used on the belt for running threshers up to 24-inch capacity, silo fillers, corn shellers, feed grinders, wood saws, clover hullers, pumps, hay presses, etc.

No end of odd jobs that can be done with the

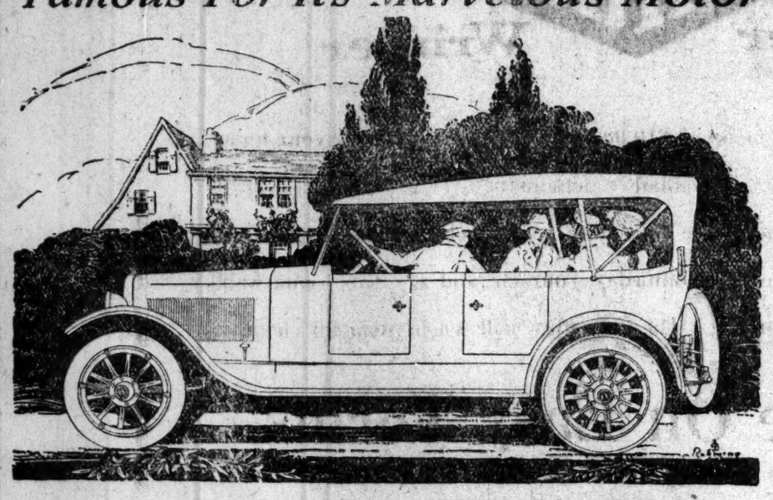
CHANDLER SIX

Famous For Its Marvelous Motor



Chandler Leads Where Performance Counts

WHEREVER men ask much of their automobiles the Chandler dominates. In the mountain countries it performs as many cars with larger motors do not perform. Climbing steep grades with the sharpest turns on high, creeping up and up at six or seven miles an hour on high without a miss or a skip or a sign of effort, where others shift, the Chandler holds for its driver the thrill of really satisfactory motoring.

In country roads of mud or sand, and in the congested traffic of crowded city streets, this same power and this same flexibility show their qualities.

The Chandler leads the whole six-cylinder group so distinctly because it is such a *good* car and so fairly priced.

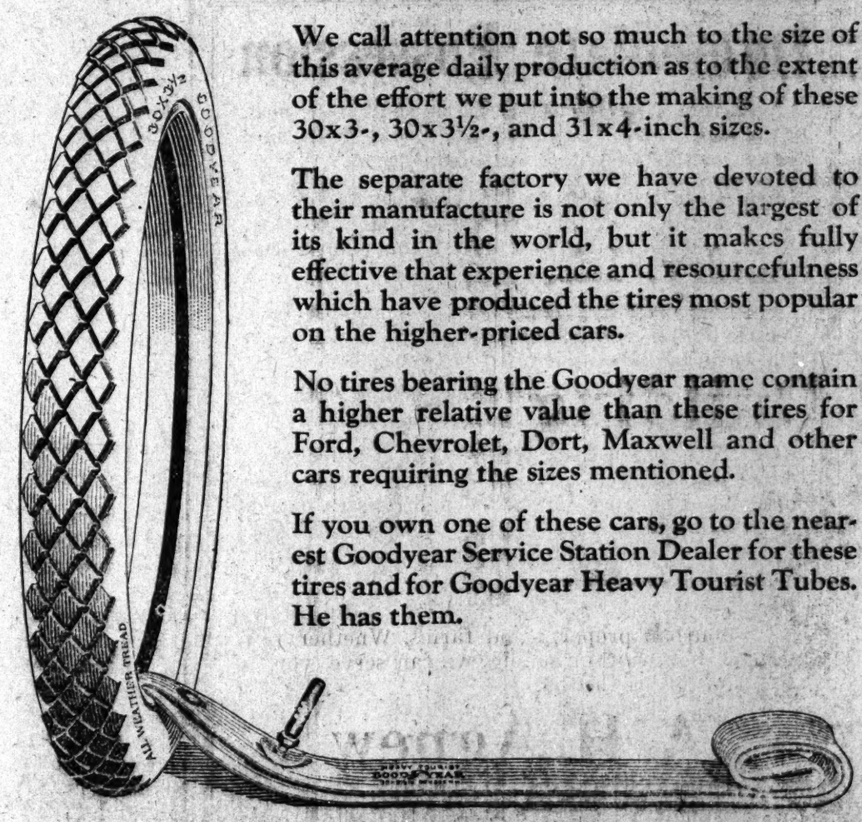
The World's Largest Production of Tires on the Smaller Cars Alone



We call attention not so much to the size of this average daily production as to the extent of the effort we put into the making of these 30x3-, 30x3½-, and 31x4-inch sizes.

The separate factory we have devoted to their manufacture is not only the largest of its kind in the world, but it makes fully effective that experience and resourcefulness which have produced the tires most popular on the higher-priced cars.

No tires bearing the Goodyear name contain a higher relative value than these tires for Ford, Chevrolet, Dort, Maxwell and other cars requiring the sizes mentioned.

If you own one of these cars, go to the nearest Goodyear Service Station Dealer for these tires and for Goodyear Heavy Tourist Tubes. He has them.

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Oxated Iron Helps Make Red Blood

The Kind That Puts Roses Into the Cheeks of Women and Force, Strength and Courage Into the Veins of Men

Watch the People You Meet On the Street—You Can Tell Those Who Have Plenty of Iron In Their Blood—Strong, Healthy, Vigorous Folks

Cut this Out

Sworn Statement of the Composition Of the FORMULA of Oxated Iron

It is conservatively estimated that this remarkable formula is now being used by over three million people annually. Among those who have used and strongly endorse it are many physicians who have been connected with the best hospitals and medical societies, former United States Senator and Vice-Presidential nominee, Chas. A. Towne, of Minnesota; Ignace Jan Paderewski, Ex-Premier of Poland and master Pianist; Judge Atkinson of the U. S. Court of Claims at Washington; Wm. Chambers, Commissioner of the United States Board of Mediation and Conciliation at Washington, and Chas. A. Moore, Commissioner Wm. R. Steven, Civil Service Commission.

Newspapers everywhere are publishing sworn statements of the composition of this remedy. It is such a record of success that has won for it a record of [illegible] so that many intelligent people are asking questions concerning its composition. Physicians are prescribing it almost exclusively in their private practice. A special [illegible] Iron, Peptonate and Glycerophosphates (Special Double Strength) Quantity given below. Each dose of two tablets of Oxated Iron contains one-half grain of organic iron in the form of iron peptonate of a special specific standard, which means [illegible] opinion possesses superior qualities to any other known form of iron. By using other forms of iron Peptonate we could have used the same quantity of actual iron in the tablets at less than one-fourth the cost [illegible] and by using metallic iron we could have accomplished the same thing at less than one-tenth the cost; but by so doing we would certainly impaired their therapeutic efficacy. Glycerophosphates used in Oxuated Iron is one of the most expensive tonic ingredients known. It is especially recommended to build up the nerve force and thereby increase brain power, as glycerophosphates are said to contain phosphorus in that particular state or similar to that in which it is found in the nerve and brain cells of men.

As will be seen from the above, two important ingredients of Oxated Iron (Iron Peptonate and Glycerophosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons, is very great and the public is hereby warned to be careful and see that every bottle is plainly labeled "Oxygenated Iron" by the U. S. Health Laboratories, Paris, London and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron [illegible] you will need no [illegible]

Manufacturers' Note—Oxated Iron is not a secret remedy, but one which is [illegible] to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. Oxated Iron is not recommended for the cure of cases of acute illness, but only as a tonic, strength and blood builder. Druggist of Illinois [illegible] consult your family physician and be guided by his advice.) If in doubt as to whether you feel you need a tonic, ask your doctor, as we do not wish to sell you Oxated Iron if you do not require it. If you should use it and it does you help you, notify us and we will return your money. It is sold by all druggists.
